

# REPACKAGING

There are a variety of reasons why a product needs repackaging. At Tamro, we have long experience of most types of repackaging and meet all environmental and safety requirements. All work is done at our repackaging unit in Gothenburg – with short lead times and no unnecessary transport as a result.

## WHY CHOOSE THIS SERVICE?

You can feel secure with Tamro. We repackage your goods according to careful routines. This applies both to the repackaging and documentation.

## DESCRIPTION OF THE SERVICE

We fulfil all requirements for repackaging and our practices are governed by the comprehensive GMP (Good Manufacturing Practice) and GDP (Good Distribution Practice) guidelines. No assignment is too large or too small. We handle everything from pharmaceuticals with high demands on the right temperature to merchandise.

### We offer the following services in repackaging:

- Repackaging of primary packaged pharmaceuticals
- Packaging of separate components for the final package
- Co-packaging of goods
- Packaging replacements
- Printing of package leaflets and packaging by a quality-assured printing house
- Packaging leaflet replacement
- Production of labels
- Additional labelling and relabeling
- QP release
- Shrink-wrapping
- Control assignments
- Other services and wishes within the framework of the assignment
